

ACCEPTANCE OF STUDENT LOANS ACADEMIC YEAR 2009-2010

Dear Students:

All students must determine how much of their loan eligibility they wish to accept. I have included the '09-'10 Cost of Attendance Budgets* for a reference guide. Cost of Attendance represents the maximum you can receive from any source. If you receive outside scholarships or other aid you must report it to our office and it must be subtracted from your Cost of Attendance before you can indicate your loan amount. General eligibility is indicated below. Many of you have found that you don't need as much as the maximum. This process will help you to determine your living budget and avoid Change Form and the return of funds. Please be aware that should you need more (up to the max.) you can apply at any time during the academic year. If you have questions, please contact the MCV Campus Medical School Financial Aid Office. This has no bearing on your subsequent request for Graduate PLUS or Alternative loans.
