

Women In Medicine Student Organization

2005-2006 WIMSO Officers: (l-r) Tiffany Bleck, Blaise Lovell, Tiffany Kelly, at the M-1 Orientation Fair, August, 2005.

The newly restructured WIMSO is up and running! Previously a student interest group, we are now a full-fledged organization, backed by a team of motivated students and full of fresh ideas.

We are heading to Boston in October to visit the Harvard American Medical Women's Association chapter and to participate in the Making Strides against Breast Cancer walk. We also have a week-long lecture series, "How to Treat a Woman," October 17th – 21st at noon in Sanger 3-016. Join us for:

- Natural Childbirth, **Dr. Christine Isaacs**
- Sexual Dysfunction, **Dr. Catherine Nichols**
- Drug Abuse among Female Physicians, **Dr. Patricia Pade**
- Pharmacogenetics, **Dr. Bonny Bukaveckas**
- Tattoos, Piercings and Fingernails, **Dr. Julia Nunley**

Also in the works are a wine and cheese social (December 4 2005 at 4 pm), Young Women in Medicine Day, and a self-defense workshop! For more information, please contact us at mcvwimso@yahoo.com.
