Laptop requirement

A.   All students must have a Windows or Mac laptop computer. Chromebooks or tablets may not be compatible with the software needed for some programs and/or specific courses. Laptop computers must meet the VCU [Student Computer Initiative](#) (SCI) minimum requirements.

B.   Operating systems: Windows 10 or MacOS 10.12 or higher. VCU students may download Microsoft Windows and Office for both PCs and Macs at no cost as part of their Student Technology Fee. Click [here](#) for more information and to download the software.

C.   Ethernet connectivity capability, including necessary adapters.

D.   A webcam and microphone.

Approved by the School of Medicine Graduate Programs Committee: 2022.01
